DHPSNY Awards Summer 2022 Planning & Assessment Sites

Documentary Heritage and Preservation Services of New York (DHPSNY), a joint program of the **New York State Archives** and the **New York State Library**, has announced a new round of collection organizations to be awarded [Planning & Assessment Services](#). DHPSNY Planning & Assessment Services are designed to support organizations in improving and advancing collections-related program efforts and are offered comprehensively to eligible historical collecting institutions throughout New York State.

These services are a valuable tool in future fundraising and have proven to lead to the following institutional and public outcomes: improved adherence to the standards and best practices for preservation and accessibility; increased dissemination of New York's historical records and library research materials through accessible channels; and increased use of the records and research materials at New York collecting institutions by policymakers, educators, students, researchers, and the general public.

From a competitive pool of applicants, the program's independent advisory committee and field reviewers selected 11 organizations to receive virtual Archival Needs Assessments, Preservation Surveys, and Strategic Planning Assistance.
